Our Ushers Ministry is committed to serve God and the congregation at Comunidad de Fe during our regular church services and special events. The ministry is comprised of a dedicated group of men and women who cheerfully serve and perform various duties during every service.

The ushers are responsible for the following duties:

- ? Greeting and providing information to visitors
- ? Distributing bulletins and other materials
- ? Showing people to their seats
- ? Supervising the order and security during services
- ? Preparing and serving communion
- ? Facilitating access to and exit from the temple
- ? Guiding traffic to the appropriate parking lots before and after each service

If you would like to serve God and others, the Ushers Ministry has a place for you. Through it, God will truly give you a servant's heart.
